CAREER OBJECTIVE:

Motivated professional with 6 months of experience as process executive, seeking to transition into IT by leveraging analytical skills, a passion for technology, and a commitment to continuous learning. Eager to contribute to a dynamic IT team with strong work ethic, adaptability, and a focus on innovation.

ACADEMICS:

COURSE	YEAR OF STUDY	NAME OF THE INSTITUTION	CGPA
B.Tech.ECE	Sep'2020 -Jun'2024	Aditya College of Engineering and Technology	7.74
XII	Jun'2018-May'2020	Aditya Junior College	9.38
X	Jun'2017-May'2018	Pratibha Vidyaniketan EM School	9.5

SKILLS:

- Salesforce Administration
- Python programming language (Basic).

CERTIFICATIONS:

- Salesforce Certified Administrator by Salesforce
- Python Essentials Certification by Cisco Networking Academy.

INTERSHIPS:

Internship 1: Salesforce Administration virtual Internship – APSICHE- 2 months.

Internship 2: Salesforce Admin Trainee – Technical Hub –10 months.

PROJECT:

"Hostel Administration System " Hostel administration system is a Salesforce application designed to manage all hostel activities like hostel admissions, fees, room, mess allotment, hostel stores & generates related reports for smooth transactions.

- Creating and managing user accounts, assigning appropriate roles, profiles, and permissions to ensure data security and access control.
- Implementing automation rules and processes using tools like Process Builder, Workflow Rules, and Flow.
- Setting up and maintaining security protocols and access controls, managing data sharing settings.

- Building and maintaining reports and dashboards to provide insights into business performance, analyzing data to identify trends and opportunities for improvement.

ACADEMIC PROJECT:

Underwater Image Enhancement through Subhistogram

- Developed a technique to enhance the color and clarity of underwater images affected by scattering and absorption of light.
- Applied subhistogram equalization to adjust image contrast in localized regions for better color balance and visibility.
- Improved the visual quality by enhancing color fidelity and restoring natural appearances to distorted underwater scenes.
- Implemented algorithms to divide image histograms into sub-parts, enabling more precise contrast stretching and color correction.
- Analyzed enhanced images using quality metrics like PSNR (Peak Signal-to-Noise Ratio) and SSIM (Structural Similarity Index).
- Gained hands-on experience in image processing tools and libraries such as MATLAB / Python (OpenCV).
- Demonstrated strong skills in digital image processing, algorithm design, and problem-solving.

WORK EXPERIENCE:

Google- Scale Flags

Oct'24

Current Role: Process Executive

Responsibilities:

- Worked as a Process Executive on the Google SF Project, specializing in Google Maps and review.
- Utilized specialized Google internal tools for data management, quality checks, and content updates.
- Reviewed, analyzed, and processed map data and customer reviews to maintain accuracy and compliance with Google's standards.
- Ensured high levels of data quality, consistency, and integrity through detailed verification and reporting.
- Collaborated with team members to meet project deadlines and improve operational efficiency.
- Gained experience working in a fast-paced, technology-driven environment with a focus on continuous learning and adaptability.

ACHIEVEMENTS:

- Earned “Ranger Rank” on Trailhead platform.

PERSONAL INFORMATION:

Date of Birth: 29-04-2003

Father's Name: Padimi Ramesh

Permanent Address: 10-2-20, Veera Raghava Puram, Samalkot, East
Godavari, Andhra Pradesh, India, 533440

Current Address: D.No 7-7/7, Surya Towers, G5, Kousalya colony, Road no 2
Bachuapally, Hyderabad, 500090

Languages Known: English, Telugu.

DECLARATION:

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.
