CAREER OBJECTIVE

AI student with hands-on experience in Machine Learning, data analytics, and automation through internships & academic projects. Seeking an entry-level opportunity to apply skills in Python, ML models, Power BI & RPA to develop data-driven and intelligent solutions while continuously learning and contributing to organizational growth.

SKILLS

- Languages: C, Java, Python
- Soft Skills: Communication, Adaptability
- Database: DBMS, SQL
- Automation: RPA
- Web: HTML, CSS
- Tools: Power BI, Excel

EDUCATION

Aditya Degree College, Kakinada	2023 – 2026
Bachelor of Science (Artificial Intelligence)	GPA: 9.4
Aditya Junior College, Kakinada	2021 – 2023
Intermediate (MPC)	GPA: 978/1000
Aditya School, Kakinada	2021
SSC	GPA: 10.0

INTERNSHIP

Power BI Internship Apr 2025 – May 2025
Completed a structured Power BI training program focused on data modeling, dashboard creation, and report automation. Gained hands-on experience in Power Query, DAX formulas, and real-time data connections.

Machine Learning Internship Dec 2025 – March 2026
Completed a structured Machine Learning internship focused on data preprocessing, model development, and performance evaluation. Gained hands-on experience with Python, NumPy, Pandas, Scikit-learn, and basic deep learning concepts.

PROJECTS

Result Extraction Bot using RPA

Developed an automated RPA bot to scrape student results from web portals and documents, reducing manual effort by over 80%. Engineered secure login and navigation workflows to extract grades into structured Excel/CSV formats with near 100% accuracy.

Simple Calculator App (Android Studio)

Built a Java-based Android calculator with a responsive XML interface to perform real-time arithmetic operations. Designed a user-friendly layout providing instant result rendering and a seamless input experience.

Certifications

Cisco – Python Essentials, C Programming, IoT (programming & device connectivity)
IBM – Introduction to Artificial Intelligence (AI basics & applications)
Automation Anywhere – Robotic Process Automation (bot creation & workflow automation)
Infosys Springboard – Python Basics (loops, functions, data structures)
EdX – Business Writing Techniques (professional communication & reports)
Pearson MePro – English Proficiency (advanced communication skills)

Achievements

1st prize - JAM competition, PPT presentation at PR college
RPA workshop(Result Extraction Bot)
English club lead, News lead, Group discussion Mentor
Fluent in English and Telugu
